

SCIENCE AND TECHNOLOGY SCOUTING PROGRAM

SCIENCE AND TECHNOLOGY SCOUTING PROGRAM

Our Science and Technology Scouting Program targets companies who are looking to access leading international entrepreneur and innovation environments in one of our locations: Munich, New Delhi, São Paulo, Seoul, Shanghai, Silicon Valley, and Tokyo.

**Innovation Centre
Denmark**

**We build bridges
between research and
business - globally**

What do you get?

We offer you a joint program where you and 3 to 9 other companies with mutual interests go on a fact-finding tour. The program can include:

- Introduction to the eco-system
- Meetings and networking with potential partners
- Access to international knowledge and research
- Assessment of your business model or technology
- Opportunity to pitch your business idea
- Opportunity to promote Danish key competencies

How much does it cost?

The price for participating is DKK 11.812,50 per company. Travel and accommodation is not included.

Who can participate?

Technology intensive companies and entrepreneurs with less than 250 employees and a yearly turnover not exceeding DKK 375 million can participate. The group will consist of 4 to 10 companies.
